

## Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 25 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nervine and Liver Pills and Nerve. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

## SITUATION CRITICAL

Admiral Dewey Reported to Have Asked For Additional Warships.

## AGUINALDO INTERVIEWED

Says He Has 67,000 Men Under Arms and Can Raise 100,000 — Porto Rican Commission — Ex-Minister Denby Says Keep the Philippines — Improving the Hospitals at Montauk.

Manila, Sept. 13. — Rear Admiral Dewey says he considers the situation here critical. It is understood he has asked for an additional cruiser and a battleship.

The Spaniards assert that Germany will take a coaling station here and that Spain will retain the remainder of the islands.

The last Spanish garrisons at Iloilo and Laguna have surrendered, and the whole island of Luzon is in the hands of the insurgents, except at Manila and Cavite.

Aguinaldo went to Lelollos on Friday. He has announced his intention of convening an assembly of the Filipinos on Sept. 15, in order to decide upon the policy to be adopted by the insurgents.

A correspondent here of the press has had an interview with Aguinaldo, who said there were 67,000 insurgents armed with rifles. He added he could raise 100,000 men. Indeed, the insurgent leader pointed out, the whole population of the Philippine islands was willing to fight for their independence.

Continuing, Aguinaldo said he had 9,000 military prisoners, including 5,000 in the vicinity of Manila, besides civil prisoners. Later Aguinaldo said the "provisional" government was now operating 28 provinces. He asserted that on Aug. 2 they elected delegates in numbers proportionate to the population.

As to the Americans Aguinaldo said he considered them as brothers, and that "the two sovereign republics were allied against a common enemy."

When questioned as to whether the future Philippine policy would be absolute independence, Aguinaldo excused himself from replying, and asked what America intends to do.

The correspondent being unable to answer this question, Aguinaldo continued:

"We have been fighting for independence for a long time. The natives who profess to favor annexation are insincere. It is merely a ruse to ascertain American views."

Asked if the Filipinos would object to the retention of Manila, Aguinaldo declined to answer.

"Would the Filipinos object to Americans retaining a coaling station, if recognizing the independence of the islands or establishing a temporary protectorate over them?" Aguinaldo again refused to answer.

Pending the conclusion of the assembly Aguinaldo said he was confident there would be no trouble between America and the Filipinos.

The insurgent leader denied having received a request from General Otis and Rear Admiral Dewey to withdraw his troops to a prescribed distance from Manila and Cavite and he declined to discuss the effect of such a request.

Aguinaldo further asserted that he had never conferred with the American authorities since the capitulation of Manila and that he had never authorized the insurgents to search or disarm Americans crossing the lines.

The whole interview conveyed the impression that Aguinaldo desires absolute independence, regards the mission of the Americans here as accomplished, and expects their withdrawal, "just as the French with Lafayette withdrew after helping the Americans in the war."

When Lady Marie Wortley Montague visited the household of the Sultan, she wrote home to England that the ladies of the harem were smothered with laughter to discover that her ladyship wore an inner vest of steel and whalebone, tight, impene-

trable and stifling, in other words, a corset.

The ladies of the harem would no doubt have been

greatly astonished, though perhaps not disposed to laughter, had they known that the women of western nations, through false ideas of delicacy, suffer in silence untold agony, and sometimes death, through neglect of their health in a womanly way.

Women, who suffer in this way shrink from the embarrassing examinations and local treatment insisted upon by the majority of physicians. If they only knew it, there is no necessity for these ordeals. An eminent and skillful physician long since discovered a remedy that women may use in the privacy of their own homes. It is Dr. Pierce's Favorite Prescription. It acts directly on the feminine organism, giving it strength, vigor and elasticity. It stops all debilitating drains. It is the greatest of all nerve tonics and invigorators for women. Thousands of women who were weak, sickly, petulant and despondent invalids are to-day happy and healthy as the result of the use of this wonderful medicine. Good druggists do not advise substitutes for this incomparable remedy.

"I have used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' in my family," writes Mrs. G. A. Conner, of Allegheny Springs, Montgomery Co., Va., "and have found them to be the best medicines that I ever used."

Send 21 one-cent stamps, to cover cost of mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y., for a paper-covered copy of Dr. Pierce's Common Sense Medical Adviser. Cloth binding ten cents extra. A whole medical library in one 1000-page volume.

of independence, a war of humanity." Just now Aguinaldo maintains the role of extreme friendship.

## PORTO RICO.

Evacuation Commissioners Meet—Yellow Fever Among the Troops at Ponce.

San Juan de Porto Rico, Sept. 13.—The two evacuation commissions held an hour's session yesterday and adjourned until to-morrow. The American commissioners made known their position regarding the evacuation and transfer of the island, in accordance with their instructions from Washington. These instructions they decline to make public at present, as publicity might lead to embarrassment in negotiations, but the Spanish commissioners did not disclose their positions nor the nature of their instructions. They manifested, however, a willingness to secure as much expedition as possible and our commissioners are satisfied with the way in which their demands have been informally received. The adjournment gives the Spaniards time to prepare their reply. When that is presented issues will be joined and the situation become clear.

What effect, if any, the appearance of yellow fever among the troops at Ponce will have, is problematic. Should the fever spread it would doubtless induce the American commissioners to hasten the evacuation to the utmost, but, as yet, there is not the slightest reason to expect an epidemic.

General Brooke says two cases have been reported to him and one death. As soon as he learned of these he caused all suspects to be isolated, with a view of preventing the spread of the infection. It is believed that the cases originated in the Spanish prison at Siboney.

Under Sternberg's Exclusive Control. Washington, Sept. 13.—The post hospital at Washington barracks, District of Columbia, the Sternberg and Sanger field hospitals at Chickamauga park and the military hospital at Ponce, Porto Rico, have been designated as general hospitals and are placed under the exclusive control of the surgeon general of the army.

CAMP WIKOFF.

Fifteen Thousand Soldiers to Be Sent to Former Barracks.

Montauk Point, L. I., Sept. 13.—The entire attention of the 15,000 soldiers still at Camp Wikoff is now directed toward the latest developments in regard to the abandonment of the camp here and their removal to the barracks occupied by them before the commencement of the war. General Bates' orders are to get all the troops away from here as soon as possible. The troops now here comprise 17 regiments of infantry, seven regiments of cavalry, six batteries of light artillery, four batteries of heavy artillery and six companies of the signal corps.

The army hospital boat Relief, arrived here from New York yesterday morning and during the day she took aboard 250 sick men.

A medical board is now engaged in making an examination of all patients in the hospitals and determining which of them are in proper condition for removal to outside hospitals. The members of the board say that every man who can be sent away with safety will be sent just as soon as possible. With the departure of the Relief last night there are about 500 men in the general hospital and 200 or 300 more in division and regimental hospitals.

CHICKAMAUGA PARK.

Second Kentucky Leaves For Lexington. Only Two Regiments Left.

Chickamauga, Ga., Sept. 13.—Only two regiments of Camp Thomas' army remain today at Chickamauga park—the Ninth New York and the Sixth United States volunteer infantry (immunes.) The Second Kentucky left last night for Lexington, where they will be paid off and furloughed for 30 days.

General Breckenridge has received no orders as yet as to his own movements, but he expects to be ordered away today or tomorrow, as all troops will have vacated the park except the Sixth volunteers, who are to remain for guard duty.

The health report from Sternberg and Leiter hospitals show that every care and attention is being given the sick. There was no death at either of the hospitals yesterday.

Official reports sent to the war department yesterday show that since the movement of troops to Chickamauga park began in April, there have been 72,000 soldiers under canvas at this camp.

COLONEL SMITH'S REGIMENT.

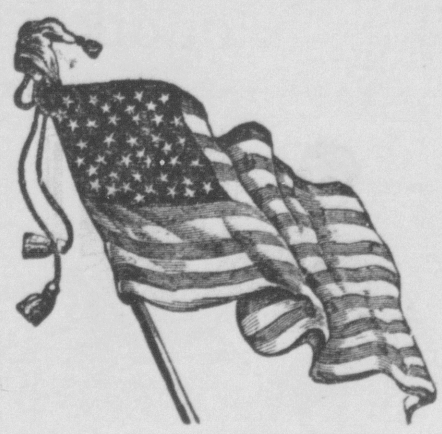

It Left Camp Poland Last Night For Indianapolis.

Camp Poland, Knoxville, Tenn., Sept. 13.—The One Hundred and Fifty-eighth Indiana regiment left this city last night for Indianapolis, where it will be mustered out of the United States service. The regiment is composed of 1,242 men in command of Colonel H. B. Smith of Indianapolis. The train will reach Indianapolis this afternoon. The Pennsylvania hospital train sent here to take on the sick men of the First Pennsylvania regiment left here last night also, going direct to Philadelphia, from which point the men will be sent to their homes. The train took 65 sick soldiers, the majority of whom are suffering with fever. The First Pennsylvania, which has been ordered to Philadelphia to be mustered out, expects to leave Camp Poland tomorrow.

EX-MINISTER DENBY.

Thinks the United States Should Hold the Philippines.

Washington, Sept. 13.—Charles Denby, former minister of the United States to China, arrived here yesterday from Peking and in the afternoon paid his

respects to the president. On leaving the white house, Mr. Denby, in answer to inquiries, said that in his judgment the United States should retain permanent possession of all, or practically all, of the Philippine islands. To surrender them to Spain would be only to invite a controversy and possibly a war among the European nations for their possession and if the United States is to make effort to secure any considerable portions of the markets of the far east, the Philippines would be of very great advantage to us.

Improving the Hospital at Montauk.

Washington, Sept. 13.—Surgeon General Sternberg has received the following telegram from Surgeon Forwood, in charge of the medical establishment at Camp Wikoff, Montauk: "The few patients remaining here temporarily under treatment, will be perfectly comfortable in the altered wards now being prepared. The tents are being taken off the floors; widened two feet, and the plate raised two feet. There are sliding windows and good ventilation and three medium baseburn stoves in each. Two of these are well under way. There is a large force of carpenters and plenty of lumber. Everything is under way, and in three or four days, four of these wards will be occupied."

Indiana, Illinois and Kentucky.

Newport News, Va., Sept. 13.—One hundred and fifty sick soldiers from the transport Panama were landed at Old Point yesterday and taken to the general hospital at Fort Monroe. The seriously ill were carried ashore on litters. The majority of the men, however, were able to walk. They represent the states of Illinois, Indiana, Ohio, Kentucky, Iowa and other sections of the country. Not a man died on the way.

## COL. BARNETT'S BOYS

The 159th Indiana Regiment Arrived at Camp Mount To-day.

## YUKON RIVER COUNTRY

Mrs. Vic Brewer's Glowing Description of the Goldfields of Alaska — Hoboes Seriously Beat a Farmer—New Electric Line Project — Was Assistant Surgeon of the 161st Indiana.

Indianapolis, Sept. 13.—The 159th Indiana regiment began to arrive in this city late Tuesday afternoon, and it was near midnight before the third and last section came in. The men were kept on the trains all night. This morning they marched through the city to Camp Mount. The majority of the men look well. The sick men were taken to different hospitals in the city last night.

## THE BEAUTIFUL SIDE.

Mrs. Vic Brewer of Denver, Ind., Writes of the Yukon River Country.

Denver, Ind., Sept. 13.—Mrs. Vic Brewer of this place, now in the Alaska goldfields, has written a letter home, giving her experience:

We are on the Yukon river, 25 miles from Dawson City and one mile from Indian river. This country has been greatly misrepresented. I have not found anything as I was led to believe. We have had a most delightful summer. The weather could not have been finer, even in the states. The days are one long day of sunshine, and the nights are so cool that we have to sleep under blankets. There is no place on earth where the sun sets so beautiful as they are here. The sun sets at 10 p. m. and rises at 5 a. m. We have had but three thunderstorms this summer, and they were light ones. Moose and bear are numerous, and we all like moose meat better than beef. The rivers are full of salmon, and crabs are plentiful. Wild flowers grow in abundance, and I have seen miles and miles of roses, beautiful ones, too.

I see more disgusted people in one week than I ever saw in my lifetime in the states. People get a wrong idea of this country, and when they get here and find everything so different from what they anticipated, they sell their outfits and go out again. There is plenty of gold here, but not so much as has been represented, and it takes hard work to get it.

## Hoboes Seriously Beat a Farmer.

Laporte, Ind., Sept. 13.—Three tramps called at the farm of John Mohler, in Starke county, and asked for lodging. Mohler did not like the looks of the trio and refused to grant their request, at the same time ordering them from the premises. This angered the hoboes, and they set upon Mohler and beat him in a terrible manner, and it is feared that he has been fatally hurt. Mohler was working alone in a field at the time, and the tramps took advantage of the fact.

## New Electric Line Project.

Laporte, Ind., Sept. 13.—A project is on foot at Goshen to build an electric railway from that city to Chicago via Elkhart, South Bend, Laporte and Valparaiso. A syndicate of Chicago men is behind the scheme, and already its members have opened negotiations for the purchase of the Burns line in Goshen and of the franchise for the building of a line between Goshen and Elkhart, which would be a part of the system.

## Frank Linkham Dead.

Laporte, Ind., Sept. 13.—Frank Linkham 18 years old, son of the Rev. Mr. Linkham, a Methodist clergyman of this city, and a member of the First Illinois infantry, died yesterday in the hospital at Montauk Point, of disease contracted at Santiago. His is the first death in the ranks of the boys who enlisted in this city. The remains will be brought home.

## To Save an Alleged Murderer's Neck.

Anderson, Ind., Sept. 13.—Attorneys are making an effort here to get additional information to embrace in a petition for a new trial for Edwin D. Heidler, alias Gibson, imprisoned at Erie, Pa., as the convicted murderer of his brother-in-law. Commutation to life sentence has been refused by the Pennsylvania board of pardons. His execution will probably take place in November.

## Hog Cholera in Wabash County.

Lafayette, Ind., Sept. 13.—Hog cholera is raging in the southern part of this county, being especially malignant in this vicinity. A dozen farmers have had losses of about 50 each, while Nicholas Holman, Robert Watson, Holmes Kretzinger and J. M. McNeach of Jalapa have lost nearly 100 each.

## Brought Home a Sick Comrade.

## IN TWO PACKAGES

Body of a Woman Found in a Mill Pond Cut to Pieces.

Bridgeport, Conn., Sept. 13.—Two packages containing portions of a woman's body were found on the mud flats, an arm of Yellow Mill pond. In the packages were the head of a woman cut from the body near the ear, and the lower limbs which had been separated from the body, unjoined and cut in two at the knees, then tied together and wrapped up in a strong glazed paper. The head of the woman was battered and jammed on one side and had a cloth tied over the mouth.

The head is thought to be that of a woman about 25 years old.

Her features were wan and thin. It is surmised that the woman was about 5 feet 6 inches in height. Her hair was dark brown, and was braided in a manner usual with many women before they retire and was tied with a cotton cord. A number of the teeth were white and regular and some were gold filled, while only two or three in the back of the mouth were missing. The eyes were grayish blue. The pronounced characteristic of the face is the short aquiline nose.

The feet are small and shapely. The neck and also the limbs at the knees and thighs were severed in a manner showing a clean cutting of the flesh and was clearly done by some one conversant with anatomy.

In no place was flesh torn. The limbs were sawed apart, but the entire work was done in a leisurely manner and evidently with much care, as no bruises were visible about the head. Two stout cords were wound about the thighs so tightly as to cut into the flesh and it was evident that whoever did the cutting was desirous to prevent the flow of blood. The limbs also had one leg of a man's cotton drawers (the kind that are worn in summer) wrapped around them. Two stones weighing about 10 pounds each were attached to the bundles.

## SOLDIER PARDONED

Gallantry at the Front Secures Him Clemency For State Offense.

Frankfort, Ky., Sept. 13.—Gallantry as a soldier was a pardon for William Pierce, a private in the Louisville Light Infantry, now in Puerto Rico. Pierce was indicted in this county, charged with stealing a ring. There was but little evidence against him, but a bitter prosecution resulted in his being held over. Pending this he went with his regiment to Puerto Rico, and the reports concerning him are that he has made a fine soldier. The governor pardoned him before trial.

## Maine Elections.

Portland, Me., Sept. 13.—Returns from 150 cities and towns give Powers (Rep.) 23,613, Lord (Dem.) 12,863. Same towns in 1894 gave Cleaves (Rep.) 27,728, Johnson (Dem.) 13,046. This shows a net Republican loss of 17 per cent and a Democratic loss of 2 per cent. On this basis Powers will have about 27,800 plurality. The entire Republican state and congressional ticket was elected.

## CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

## A Quick Witted Baptist.

One of the candidates for the state senate down in Jefferson county, Ala., was a prominent Baptist, and he expected his fellow churchmen to help push him along. The story goes that he was campaigning on a country beat and had the good fortune to fall in with a whole congregation of Baptists. Whether a prayer meeting had just been held or what the occasion of the gathering was is not known. About this time a light shower came up, and the candidate at once raised a large umbrella which he was carrying.

"You are not afraid of this little shower, are you, Brother?" remarked one good Baptist, standing near. "Not at all," responded the quick witted candidate, "but you know I am opposed to all forms of 'sprinkling.'"

He carried that beat solidly.—New Orleans Times-Democrat.

Effect of Diet Upon History.

An eminent German scientist, referring to human history, asserts that we may trace the cause of many evils in the dietetic character of the people. The rejection of flesh would give a new direction to human culture and industry. Agriculture would be greatly developed. The numerous diseases now traceable to a flesh diet would disappear, and with them the manifold cruelties of the slaughter house. The expense of living would be greatly reduced, and the poorer classes would be elevated.

## THE EDUCATIONAL CONTROVERSY.

In a recent issue of the Indianapolis News Superintendent Douglass, of the Logansport schools "outlines his position" on the educational controversy in Indiana. He presumes also to outline the position of those who do not agree with him. In this he blunders more or less. He assumes that the opponents of the Geeting bill, as before the legislature of 1897, are opposed to the public schools of the state. To be sure Mr. Douglass knows better than this, if not he is not well enough advised to discuss the questions in controversy between the state and non-state schools. The non-state school men like a vast majority of the taxpayers of Indiana are opposed to an educational trust in the state. It is too expensive and needlessly so. Jackson county paid nearly \$2,000 to the state educational institutions last year and Mr. Douglass' county more than \$3,000 and that was not half as much as they asked for. Their demands from the taxpayers are not in accord with the needs of these institutions, but with the ambitions of the men who want to be in control of a more closely organized educational trust. It was never intended that the state educational institutions should be the head of an educational monopoly.

Mr. Douglass speaks of the non-state schools as "beggars," that they beseech "synods, conferences, associations and individuals for help." What does the state university do? What are the methods of the State Normal and Purdue? They are not satisfied with a direct tax that raises more than \$200,000 annually, for these three institutions but go before the legislature and "beg" and "beseech" that a law be enacted to tax the people still further for their benefit. The presidents of these institutions, whom the taxpayers of Indiana pay annual salaries of \$4,000 to \$5,000 each have time to go to Indianapolis and spend days and even weeks lobbying for larger appropriations. They seem to presume that the institutions belong to them and not to the people.

Mr. Douglass assumes that the non-state schools hope "eventually either to obtain appropriations from the state or prevent appropriations to the established state schools." Such an assumption is entirely foreign to the position of the non-state school men and other citizens of Indiana who opposed the Geeting bill. They simply ask, as President Scott Butler says, "that the presidents of the three state educational institutions should not, by virtue of the fact that they are presidents of these institutions hold positions in the board." They would have these positions filled by appointment as positions on other boards are filled. They also ask that the law granting life license to the graduates of the State normal be repealed, thus putting every teacher on his merits, no matter where he has been educated.

As to the position of the non-state school men on the proposition of a change in the make-up of the state board of education the Indianapolis Journal of September 13, very aptly says:

"It must strike the independent observer that this proposition is a fair one. There is no reason why the Board of Education should not be appointed as are other boards—by the Governor. There is no reason why the superintendents of schools in Indianapolis, Fort Wayne and Evansville should be members of the board because those are the three largest cities. There is no reason why the presidents of the three institutions receiving state aid should be members of the board while the presidents of the other institutions are shut out. Every board should be appointed by the Governor, and particularly boards which deal with the public school system of the State."

General H. V. Boynton's Report on Conditions at Camp Thomas, Chickamauga Park.

These are tidbits taken from General Boynton's report to Secretary Alger concerning the Chickamauga camp and its hospital facilities:

Deaths from the time the camp was opened, from the middle of April last to Aug. 23, 1898, out of 75,000 soldiers that had been in the camp.

Hospital at Crawfish springs, a large summer hotel, where were placed the worst typhoid cases, has perfect ventilation, plumbing entirely new and ample bathing facilities. Each patient has abundant room, woven wire or hair mattresses and abundant bed clothing. Number of attendants ample. For the patients is kept a herd of cows, and bought with hospital fund are canned meats, potted goods, soups, clam juice, malted milk, eggs, koumiss, jellies, preserves, relishes, ginger ale, apollinaris, champagne and claret. Distilled water is used and ice is also made from it. None of the sewage has been drained into the Chickamauga river or approached it at any point.

Other hospitals at the camp are as perfectly equipped.

The field hospitals have every comfort and convenience. In one of them were, at different times, 161 patients from the Eighth New York volunteers. Of the alleged ill treatment of those patients a great deal has been said. General Boynton reports that in a great many cases it was difficult to tell that anything was the matter with the Eighth New Yorkers and 10 per cent of those sick was at all serious. Incidentally the general remarks that this regiment had, at the time its camp was moved, "one of the filthiest and most disgusting canteens in the entire army."

General Terry, surgeon general of New York, visited the camp of the Eighth and told a New York Herald correspondent a horrible story of sanitary conditions and death. He represented that 24 of the regiment died in one day. The day he made that remark and the one to which he referred, the whole number of deaths in the entire camp was only seven.

The starvation stories, General Boynton says, were fabrications based upon the refusal of surgeons to give typhoid patients the food that would kill them. The lightest kind of diet is allowed such patients and convalescents.

He shows that when filth prevailed in the camp it was due to the negligence of officers and soldiers themselves. They permitted it to accumulate in direct disobedience of warning from the surgeons.

The general, in concluding his report, said with emphasis and truth:

I beg leave to express my opinion that most of the interviews with chaplains, regimental surgeons and others, both officers and men, now appearing at the north in many of the newspapers in regard to this camp, are reckless and false, except as to the filthy conditions which their own criminal neglect has caused. In my judgment the recent increase in the outbreaks against water and the persistent assertion that the park is unhealthy have been largely and deliberately used to stir up sentiment and influence which would be exercised to insure their relief from service.

Yellow newspapers, the diabolical purpose of which is to distort truth. Democratic newspapers that never fail to exploit anything serviceable as a campaign lie, are responsible for the horrible misrepresentations concerning the treatment of soldiers, and what they say is not worth a pin's fee. In the confusion of opinion arising out of this criminal recklessness to contaminate the public mind, the safest course for the people to follow is to nourish patience and wait the results of thorough investigation and court-martials that will surely occur.

## CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

Townships.	Dem.	Rep.
Brownstown.....	16	16
Carr.....	8	8
Driftwood.....	6	6
Grassyfork.....	6	6
Owen.....	8	8
Saltcreek.....	12	12
Hamilton.....	9	9
Vernon.....	11	11
Washington.....	4	4
Jackson.....	37	37
Redding.....	8	8

3.—That all voters who desire to act with this convention are requested to meet in their respective townships on Friday, September 16th, 1898, at one o'clock p. m. and select their allotment of delegates according to section No. 2 and also two committee-men from each precinct of the township, one of whom shall be a democrat and one a republican. The list of delegates and committeemen to be reported to the county convention at 10 a. m. Sept. 17.

4.—The places for holding the township meetings shall be as follows:

Brownstown.....	Brownstown
Carr.....	Medora
Driftwood.....	Vallonia
Grassyfork.....	Tampico
Owen.....	Kurtz
Saltcreek.....	Freetown
Hamilton.....	Cortland
Vernon.....	Crothersville
Washington.....	Dudleytown
Jackson.....	Seymour, 7:30 p. m.
Redding.....	Walnut Grove

5.—The candidates to be nominated at said convention on Sept. 17, are as follows:

Representative.....	Democrat
Clerk.....	Republican
Auditor.....	Democrat
Treasurer.....	Democrat
Sheriff.....	Republican
Recorder.....	Democrat
Coroner.....	Republican
Surveyor.....	Democrat
Commissioner 1st dist.....	Republican
Commissioner 2d dist.....	Democrat

## Township Fusion Convention.

Pursuant to the call issued by the joint committee of democrats and republicans the voters of Jackson township will meet in mass convention, Friday evening Sept. 16, at 7:30 o'clock, in Armony Hall in the city of Seymour for the purpose of selecting seventyfour (74) delegates to the county convention to be held in Seymour, September 17. Also to select two committeemen from each precinct as directed by the committee. The apportionment of delegates and committeemen to be in accordance with the joint committee's call as found in another column.

W. E. KIMMEL,  
HENRY PRICE,

Chairmen of Tr. Committee.

The state central committee will hold a meeting at Indianapolis tomorrow to complete arrangements for the campaign opening. Chairman Heryly is a very busy man now.

The real patriotic people of this country do not believe that the war with Spain was badly managed. On the contrary they know that it was well managed. So well managed that the world was surprised at the results achieved.

The republicans of Maine have again carried the state by a handsome majority and elected all their congressmen. The republican plurality in the state is probably more than 20,000 judging from first reports received.

## Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: 'I was in a most dreadful condition my skin was almost yellow, eyes sunken tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at W. F. Peter's drug store.

Jas. K. Burdall purchased a fine lot of hickory timber of Wm. Pottsmith for J. H. Smith & Co., of Muncie, Ind.

There are three saw mills within a mile of each other in this vicinity which are the means of giving several laboring men employment. There isn't a laboring man or boy who can't have employment at wages from \$1 to \$2 per day and the demand at these wages exceed the supply. Hands are being brought from Muncie since the supply has been exhausted in this vicinity. Ah there! free silver, stay where you are.

Pursuant to call, the 'Loyal Republicans' met in Brownstown Saturday, Sept. 10, to take some action, (they didn't know what themselves.) There were fifteen of the 'Loyal' present, mainly office seekers. This meeting of the 'Loyals' shows the growth of the idea of fusion. After lengthy debates warm discussions and the reading of ambiguous resolutions, they came to a final agreement, that the 'Loyal Republicans' were without an organization.

## Often Referred To.

Will be our war with Spain. And you will want a permanent record of the same, a souvenir for all time. There has been many histories of the war, treating principally of the struggle between Cuba and Spain and probably carrying you as far as Dewey's victory and so forth. But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain; a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the first opening pages of which permits of its illustrations and maps being 13 by 21 inches. You cannot afford to purchase a work, the maps and large illustrations of which have to be folded in the book. You must see this work for it is truly excellent. The agent will call on you soon.

Wheat sowing has commenced in this vicinity.

D. W. Walker will be the new mail carrier on the Oldtown route.

Will Waskom, wife and family visited relatives at Tampico, Sunday.

Hon. A. F. Cox, of Crothersville, was here last week looking after his milling interests.

Hezekiah Prince and wife, of Oldtown, visited friends and the sick here Sunday evening.

Sam Yount, who has been hauling for Smith & Co., went to his home at Vienna, Scott Co., Saturday.

B. J. Tuell, of Clarksburg, Ind., called on friends and old comrades Friday and Saturday of last week.

Jas. K. Burdall purchased a fine lot of hickory timber of Wm. Pottsmith for J. H. Smith & Co., of Muncie, Ind.

There are three saw mills within a mile of each other in this vicinity which are the means of giving several laboring men employment. There isn't a laboring man or boy who can't have employment at wages from \$1 to \$2 per day and the demand at these wages exceed the supply. Hands are being brought from Muncie since the supply has been exhausted in this vicinity. Ah there! free silver, stay where you are.

Pursuant to call, the "Loyal Republicans" met in Brownstown Saturday, Sept. 10, to take some action, (they didn't know what themselves.) There were fifteen of the "Loyal" present, mainly office seekers. This meeting of the "Loyals" shows the growth of the idea of fusion. After lengthy debates warm discussions and the reading of ambiguous resolutions, they came to a final agreement, that the "Loyal Republicans" were without an organization.

### Often Referred To.

Will be our war with Spain. And you will want a permanent record of the same, a souvenir for all time. There has been many histories of the struggle between Cuba and Spain and probably carrying you as far as Dewey's victory and so forth. But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain; a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the first opening pages of which permits of its illustrations and maps being 13 by 21 inches. You cannot afford to purchase a work, the maps and large illustrations of which have to be folded in the book. You must see this work for it is truly excellent. The agent will call on you soon. ttdlwk

HELP IS AT HAND.

John Morrow's Discovery Gives Health to Diabetes Patients.

One of the Worst Diseases Known to Man is Overcome by Modern Science.

When the common symptoms of kidney troubles are neglected the careless sufferer is in great danger of contracting diabetes or Bright's disease, two of the most terrible afflictions that have been imposed on mankind.

A recent case of the cure of this awful disease by Morrow's Kidneys is that of Mr. C. E. Chipman, a well-known, successful contractor of 14 South Limestone street, Springfield, Ohio.

Mr. Chipman writes: "I have been a constant sufferer from kidney disease for the past year. Very often upon arising in the morning the pain was so severe I scarcely could get about at all."

STREET FAIR PROGRAMME.

MONDAY, SEPT. 26, OPENING DAY.

An industrial parade in which all the local industries will be represented. The parade disbands at the large stage on West Second street where the fair will be formally opened by Mayor A. W. Mills.

Several from here attended the dedication of the new German church at Eubanktown last Sunday.

Frank Weddle and wife and mother, Aunt Patsey, of Medora, visited in the family of James Copeland Sunday.

Mrs. Anna Bonetti, of Charlton, Iowa, came here Wednesday for a visit to her mother, Mrs. Jessie Hunsucker and family.

Miss Mecca Humphrey, who has been pleasantly entertained by relatives and friends at Indianapolis, returned home last Tuesday.

Mrs. Ola Day, of Ulysses, Nebraska, came here last Wednesday for an extended visit to her parents, William Empson and family.

Charnel Gray and Colby Hornady took the latter's daughter, Miss Minnie, to the soldier's orphan's home at Knightstown last Thursday.

Mrs. Jane Delam, who has been visiting her daughter, Mrs. Ida Trowbridge, of Danvers, Illinois, for the past six months, returned home Friday.

Mrs. Della Hockett and husband, of Independence, Kansas, came here Friday for a visit to the former's parents, George Humphrey and family.

Misses Winnie and Ruby Hunsucker, Emma Fosbrink, Rosa Humphrey and Anna Ungewer and several old soldiers and others attended the G. A. R. encampment at Cincinnati last week.

No Right to Ugliness. The woman who is loely in face, form and temper will always have friends, but one who would be attractive must keep her health.

Immediately upon the disbandment of the parade the shows upon the large stages will have special programs for the evening.

The fair concludes with a grand lantern parade in which ten thousand people and four bands will take part.

Rev. Shroyer preached his farewell sermon last Sunday.

The Browning sale was largely attended and property sold at fair prices.

Miss Annie Jeffries, of Seymour, visited her many friends here over last Sunday.

Will Miller and wife attended a family reunion given by his parents last Sunday.

Mrs. F. H. Tormohlen and daughter, Ruth, will return to their home in Ill. next Saturday.

MASSACRE AT CANDIA

Six Hundred Men, Women and Children Are Burned Alive.

COUNT D'ALMENAS' REPLY

Challenged in the Spanish Senate to Name the Generals He Would Disgrace.

General Polavieja Issues a Manifesto to His Followers in Spain—Pledges His Loyalty to the Throne.

London, Sept. 13.—The correspondent of The Times at Candia, Island of Crete, says: "About 600 men, women and children were either burned alive or massacred in the outbreak last week."

The Turkish troops are now patrolling and blocking up the streets. The Mussulmans are ransacking the ruins of the burned quarters of the town where the devastation is complete.

Blood is visible everywhere. Such bodies of the slain as were not burned were removed yesterday in carts and buried outside the town limits."

NAMED THEM.

Count D'Almenas Tells What Spanish Officers Should Be Disgraced.

Madrid, Sept. 13.—The session of the senate yesterday was stormy. Count D'Almenas was challenged to give the names of the generals who he recently said ought to be disgraced, and replied: "Very well, as you wish it, I will."

The generals to whom I referred are General Weyler, General Blanco and General Primo de Rivera. I will also include in the same category Admiral Cervera."

This announcement led to an extraordinary scene of tumult. Captain Anon, minister of marine, received to-day an important dispatch from the Philippines describing a conflict between the Spanish galleons and an insurgent flotilla, in which the former successfully prevented an insurgent landing in the Visayas.

According to the dispatch the insurgents had five vessels, all of which were sunk. The Spaniards had no loss, but the telegram asserts that hundreds of the insurgents are believed to have perished.

Polavieja Issues a Manifesto. General Camillo Polavieja, former governor-general of Cuba and of the Philippines, in the manifesto declaring his readiness to place himself at the head of a neutral party in Spanish politics, denounces the "evils existing in the present political system" and declares that "every department needs cleansing."

His programme, therefore, begins with a "drastic purging of the administration" and then advocates "reform in taxation" and "purification of the electoral system."

After pledging his "unwavering loyalty to the throne," General Polavieja says: "Spain must shape her future career in accordance with her reduced sphere of sovereignty, without losing her aspirations for the future. Above all things, full light is required. The Spanish people must no longer be deluded by misrepresentations as to the country's strength."

In conclusion he repudiates the charge that he is aiming at dictatorship and appeals to all Spaniards not to be silent spectators of the ruin of our country "but to concentrate forces and place me in power."

El Imparcial, El Herald, El Pais, El Tiempo and El Globo approve the manifesto, which, however, meets with many signs of disapproval.

Adopted the Protocol. Madrid, Sept. 13.—The Spanish senate has definitely adopted the Hispano-American protocol.

Young Man Escapes Arrest by Shooting Himself.

Versailles, Ky., Sept. 13.—W. Teague Stevenson, aged 34, shot himself fatally in the breast above the heart. Stevenson belonged to an old and prominent family. Sometime ago the grand jury indicted him for forging his father's name to a check.

Later he surrendered himself, his father, Benjamin C. Stevenson, going on his bail. Yesterday neighbors heard voices, between the wayward son and his father, and the latter sent for police protection. As the officers arrived at the front gate they saw young Stevenson sitting on the doorsteps. He ran into the house at their approach and shot himself.

ARE PLEASED. Chicago Ministers Take Action Regarding the Car's Peace Proclamation.

Chicago, Sept. 13.—At a meeting of the Chicago Methodist ministers it was decided to send the prime minister of Russia a letter expressing their gratitude at his action in influencing the czar to give to the world his peace proclamation and suggestions for the convention to bring about an international disarmament. A digest of the letter, which will be drafted this week, will be sent by telegraph to President McKinley. The officers of the National W. C. T. U. yesterday sent a message of congratulation to the czar.

Oregon and Iowa. New York, Sept. 13.—Orders are expected at the Brooklyn navy yard any time for the sailing of the battleships Oregon and Iowa for the Pacific. Ammunition is being put on board of both ships and they began coaling today. They will be painted the regulation lead color.

Bedford Fair. For this occasion the B. & O. S. W. will tickets to Bedford on Sept. 18 to 24th inclusive at one fare for the round trip. J. P. HONAN, Ticket Agt.

MOTHER!

There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step.

Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it, so assists nature in the change-taking place that the Expectant Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of Motherhood.

Its use insures safety to the lives of both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Childbirth natural and easy," as so many have said. Don't be persuaded to use anything but

MOTHER'S FRIEND

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to any one expecting to become a MOTHER," says a customer. HENDERSON DALE, Carmi, Illinois.

A CRITICAL TIME

DURING THE BATTLE OF SAN TIAGO.

Sick or Well, a Rush Night and Day.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23, says: "We all had diarrhea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at our critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by C. W. Milhous.

## Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nerve. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I kept them at hand and a single dose dispels any old symptoms."

## SITUATION CRITICAL

Admiral Dewey Reported to Have Asked For Additional Warships.

## AGUINALDO INTERVIEWED

Says He Has 67,000 Men Under Arms and Can Raise 100,000 — Porto Rican Commission — Ex-Minister Denby Says Keep the Philippines — Improving the Hospitals at Montauk.

Manila, Sept. 13. — Rear Admiral Dewey says he considers the situation here critical. It is understood he has asked for an additional cruiser and a battleship.

The Spaniards assert that Germany will take a coaling station here and that Spain will retain the remainder of the islands.

The last Spanish garrisons at Iloos and Laguna have surrendered, and the whole island of Luzon is in the hands of the insurgents, except at Manila and Cavite.

Aguinaldo went to Lelillos on Friday. He has announced his intention of convening an assembly of the Filipinos on Sept. 15, in order to decide upon the policy to be adopted by the insurgents.

A correspondent here of the press has had an interview with Aguinaldo, who said there were 67,000 insurgents armed with rifles. He added he could raise 100,000 men. Indeed, the insurgent leader pointed out, the whole population of the Philippine islands was willing to fight for their independence.

Continuing, Aguinaldo said he had 9,000 military prisoners, including 5,000 in the vicinity of Manila, besides other prisoners. Later Aguinaldo said the "provisional" government was now operating 28 provinces. He asserted that on Aug. 2 they elected delegates in numbers proportionate to the population.

As to the Americans Aguinaldo said he considered them as brothers, and that "the two sovereign republics were allied against a common enemy."

When questioned as to whether the future Philippine policy would be absolute independence, Aguinaldo excused himself from replying, and asked what America intends to do.

The correspondent being unable to answer this question, Aguinaldo continued:

"We have been fighting for independence for a long time. The natives who profess to favor annexation are insincere. It is merely a ruse to ascertain American views."

Asked if the Filipinos would object to the retention of Manila, Aguinaldo declined to answer.

"Would the Filipinos object to Americans retaining a coaling station, if recognizing the independence of the islands or establishing a temporary protectorate over them?" Aguinaldo again refused to answer.

Pending the conclusion of the assembly Aguinaldo said he was confident there would be no trouble between America and the Filipinos.

The insurgent leader denied having received a request from General Otis and Rear Admiral Dewey to withdraw his troops to a prescribed distance from Manila and Cavite and he declined to discuss the effect of such a request.

Aguinaldo further asserted that he had never conferred with the American authorities since the capitulation of Manila and that he had never authorized the insurgents to search or disarm Americans crossing the lines.

The whole interview conveyed the impression that Aguinaldo desires absolute independence, regards the mission of the Americans here as accomplished, and expects their withdrawal, "just as the French with Lafayette withdrew after helping the Americans in the war of independence, a war of humanity."

Just now Aguinaldo maintains the role of extreme friendship.

PORTO RICO.

Evacuation Commissioners Meet—Yellow Fever Among the Troops at Ponce.

San Juan de Porto Rico, Sept. 13.—The two evacuation commissions held an hour's session yesterday and adjourned until to-morrow. The American commissioners made known their position regarding the evacuation and transfer of the island, in accordance with their instructions from Washington. These instructions they decline to make public at present, as publicity might lead to embarrassment in negotiations, but the Spanish commissioners did not disclose their positions nor the nature of their instructions. They manifested, however, a willingness to secure as much expedition as possible and our commissioners are satisfied with the way in which their demands have been informally received. The adjournment gives the Spaniards time to prepare their reply. When that is presented issues will be joined and the situation become clear.

What effect, if any, the appearance of yellow fever among the troops at Ponce will have, is problematic. Should the fever spread it would doubtless induce the American commissioners to hasten the evacuation to the utmost, but, as yet, there is not the slightest reason to expect an epidemic.

General Brooks says two cases have been reported to him and one death. As soon as he learned of these he caused all suspects to be isolated, with a view of preventing the spread of the infection. It is believed that the cases originated in the Spanish prison at Siboney.

Under Sternberg's Exclusive Control.

Washington, Sept. 13.—The post hospital at Washington barracks, District of Columbia, the Sternberg and Sanger field hospitals at Chickamauga park and the military hospital at Ponce, Porto Rico, have been designated as general hospitals and are placed under the exclusive control of the surgeon general of the army.

CAMP WIKOFF.

Fifteen Thousand Soldiers to Be Sent to Former Barracks.

Montauk Point, L. I., Sept. 13.—The entire attention of the 15,000 soldiers still at Camp Wikoff is now directed toward the latest developments in regard to the abandonment of the camp here and their removal to the barracks occupied by them before the commencement of the war. General Bates' orders are to get all the troops away from here as soon as possible. The troops now here comprise 17 regiments of infantry, seven regiments of cavalry, six batteries of light artillery, four batteries of heavy artillery and six companies of the signal corps.

The army hospital boat Relief, arrived here from New York yesterday morning and during the day she took aboard 250 sick men.

A medical board is now engaged in making an examination of all patients in the hospitals and determining which of them are in proper condition for removal to outside hospitals. The members of the board say that every man who can be sent away with safety will be sent just as soon as possible. With the departure of the Relief last night there are about 500 men in the general hospital and 200 or 300 more in division and regimental hospitals.

CHICKAMAUGA PARK.

Second Kentucky Leaves For Lexington. Only Two Regiments Left.

Chickamauga, Ga., Sept. 13.—Only two regiments of Camp Thomas' army remain today at Chickamauga park—the Ninth New York and the Sixth United States volunteer infantry (immunes.) The second Kentucky left last night for Lexington, where they will be paid off and furloughed for 30 days.

General Breckenridge has received no orders as yet as to his own movements, but he expects to be ordered away today or tomorrow, as all troops will have vacated the park except the Sixth volunteers, who are to remain for guard duty.

The health report from Sternberg and Leiter hospitals show that every care and attention is being given the sick. There was no death at either of the hospitals yesterday.

Official reports sent to the war department yesterday show that since the movement of troops to Chickamauga park began in April, there have been 72,000 soldiers under canvas at this camp.

COLONEL SMITH'S REGIMENT.

It Left Camp Poland Last Night For Indianapolis.

Camp Poland, Knoxville, Tenn., Sept. 13.—The One Hundred and Fifty-eighth Indiana regiment left this city last night for Indianapolis, where it will be mustered out of the United States service. The regiment is composed of 1,242 men in command of Colonel H. B. Smith of Indianapolis. The train will reach Indianapolis this afternoon. The Pennsylvania hospital train sent here to take on the sick men of the First Pennsylvania regiment left here last night also, going direct to Philadelphia, from which point the men will be sent to their homes. The train took 65 sick soldiers, the majority of whom are suffering with fever. The First Pennsylvania, which has been ordered to Philadelphia to be mustered out, expects to leave Camp Poland tomorrow.

## CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

Townships.	Dem.	Rep.
Brownstown.....	16	16
Carr.....	8	8

Washington.....	4	4
Jackson.....	37	37
Redding.....	8	8

3.—That all voters who desire to act with this convention are requested to meet in their respective townships on Friday, September 16th, 1898, at one o'clock p. m. and select their allotment of delegates according to section No. 2 and also two committee-men from each precinct of the township, one of whom shall be a democrat and one a republican. The list of delegates and committeemen to be reported to the county convention at 10 a. m. Sept. 17.

4.—The places for holding the township meetings shall be as follows:

Brownstown.....	Brownstown

## Township Fusion Convention.

Pursuant to the call issued by the joint committee of democrats and republicans the voters of Jackson township will meet in mass convention, Friday evening Sept. 16, at 7:30 o'clock, in Armony Hall in the city of Seymour for the purpose of selecting seventyfour (74) delegates to the county convention to be held in Seymour, September 17. Also to select two committeemen from each precinct as directed by the committee. The apportionment of delegates and committeemen to be in accordance with the joint committee's call as found in another column.

W. E. KIMMEL,  
HENRY PRICE,

Chairmen of Tr. Committees.

The state central committee will hold a meeting at Indianapolis tomorrow to complete arrangements for the campaign opening. Chairman Hernly is a very busy man now.

The real patriotic people of this country do not believe that the war with Spain was badly managed. On the contrary they know that it was well managed. So well managed that the world was surprised at the results achieved.

The republicans of Maine have again carried the state by a handsome majority and elected all their congressmen. The republican plurality in the state is probably more than 20,000 judging from first reports received.

June Cooley, whose death occurred at Ann Arbor, Mich., Monday, was one of the most noted jurists and constitutional lawyers of the United States. He was the author of a number of valuable books dealing with subjects pertaining to law.

## A Quick Witted Baptist.

One of the candidates for the state senate down in Jefferson county, Ala., was a prominent Baptist, and he expected his fellow churchmen to help him along. The story goes that he was campaigning on a country beat and had the good fortune to fall in with a whole congregation of Baptists. Whether a prayer meeting had just been held or what the occasion of the gathering was is not known. About this time a light shower came up, and the candidate at once raised a large umbrella which he was carrying.

"You are not afraid of this little shower, are you, Brother?" remarked one good Baptist, standing near. "Not at all," responded the quick-witted candidate, "but you know I am opposed to all forms of 'sprinkling'."

He carried that beat solidly.—New Orleans Times-Democrat.

## Effect of Diet Upon History.

An eminent German scientist, referring to human history, asserts that we may trace the cause of many evils in the dietetic character of the people. The rejection of flesh would give a new direction to human culture and industry. Agriculture would be greatly developed. The numerous diseases now traceable to a flesh diet would disappear, and with them the manifold cruelties of the slaughter house. The expense of living would be greatly reduced, and thus the poorer classes would be elevated.

## THE EDUCATIONAL CONTROVERSY.

In a recent issue of the Indianapolis News Superintendent Douglass, of the Logansport schools "outlines his position" on the educational controversy in Indiana. He presumes also to outline the position of those who do not agree with him. In this he blunders more or less. He assumes that the opponents of the Greeting bill, as before the legislature of 1897, are opposed to the public schools of the state. To be sure Mr. Douglass knows better than this, if not he is not well enough advised to discuss the questions in controversy between the state and non-state schools. The non-state school men like a vast majority of the taxpayers of Indiana are opposed to an educational trust in the state. It is too expensive and needlessly so. Jackson county paid nearly \$2,000 to the state educational institutions last year and Mr. Douglass' county more than \$3,000 and that was not half as much as they asked for. Their demands from the taxpayers are not in accord with the needs of these institutions, but with the ambitions of the men who want to be in control of a more closely organized educational trust. It was never intended that the state educational institutions should be the head of an educational monopoly.

Mr. Douglass speaks of the non-state schools as "beggars," that they beseech "synods, conferences, associations and individuals for help." What does the state university do? What are the methods of the State Normal and Purdue? They are not satisfied with a direct tax that raises more than \$200,000 annually, for these three institutions but go before the legislature and "beg" and "beseech" that a law be enacted to tax the people still further for their benefit. The presidents of these institutions, whom the taxpayers of Indiana pay annual salaries of \$4,000 to \$5,000 each have time to go to Indianapolis and spend days and even weeks lobbying for larger appropriations. They seem to presume that the institutions belong to them and not to the people.

Mr. Douglass assumes that the non-state schools hope "eventually either to obtain appropriations from the state or prevent appropriations to the established state schools." Such an assumption is entirely foreign to the position of the non-state school men and other citizens of Indiana who opposed the Greeting bill. They simply ask, as President Scott Butler says, "that the presidents of the three state educational institutions should not, by virtue of the fact that they are presidents of these institutions hold positions in the board." They would have these positions filled by appointment as positions on other boards are filled. They also ask that the law granting life license to the graduates of the State normal be repealed, thus putting every teacher on his merits, no matter where he has been educated.

As to the position of the non-state school men on the proposition of a change in the make-up of the state board of education the Indianapolis Journal of September 13, very aptly says:

"It must strike the independent observer that this proposition is a fair one. There is no reason why the Board of Education should not be appointed as are other boards—by the Governor. There is no reason why the superintendents of schools in Indianapolis, Fort Wayne and Evansville should be members of the board because those are the three largest cities. There is no reason why the presidents of the three institutions receiving state aid should be members of the board while the presidents of the other institutions are shut out. Every board should be appointed by the Governor, and particularly boards which deal with the public school system of the State."

### CARED FOR

General H. V. Boynton's Report on Conditions at Camp Thomas, Chickamauga Park.

These are tidbits taken from General Boynton's report to Secretary Alger concerning the Chickamauga camp and its hospital facilities:

Deaths from the time the camp was opened, from the middle of April last to Aug. 22, 1898, out of 75,000 soldiers that had been in the camp.

Hospital at Crawfish springs, a large summer hotel, where were placed the worst typhoid cases, has perfect ventilation, plumbing entirely new and ample bathing facilities. Each patient has abundant room, woven wire or hair mattresses and abundant bed clothing. Number of attendants ample. For the patients is kept a herd of cows, and bought with hospital fund are canned meats, potted goods, soups, clam juice, malted milk, eggs, koumiss, jellies, preserves, relishes, ginger ale, appelenaris, champagne and claret. Distilled water is used and ice is also made from it. None of the sewage has been drained into the Chickamauga river or approached it at any point.

Other hospitals at the camp are as perfectly equipped.

The field hospitals have every comfort and convenience. In one of them were, at different times, 161 patients from the Eighth New York volunteers. Of the alleged ill treatment of those patients a great deal has been said. General Boynton reports that in a great many cases it was difficult to tell that anything was the matter with the Eighth New Yorkers and 10 per cent of those sick was at all serious. Incidentally the general remarks that this regiment had, at the time its camp was moved, "one of the filthiest and most disgusting canteens in the entire army." General Terry, surgeon general of New York, visited the camp of the Eighth and told a New York Herald correspondent a horrible story of sanitary conditions and death. He represented that 24 of the regiment died in one day. The day he made that remark and the one to which he referred, the whole number of deaths in the entire camp was only seven.

The starvation stories, General Boynton says, were fabrications based upon the refusal of surgeons to give typhoid patients the food that would kill them. The lightest kind of diet is allowed such patients and convalescents.

He shows that when filth prevailed in the camp it was due to the negligence of officers and soldiers themselves. They permitted it to accumulate in direct disobedience of warning from the surgeons.

The general, in concluding his report, said with emphasis and truth:

I beg leave to express my opinion that most of the interviews with chaplains, regimental surgeons and others, both officers and men, now appearing at the north in many of the newspapers in regard to this camp, are reckless and false, except as to the filthy conditions which their own criminal neglect has caused. In my judgment the recent increase in the outbreaks against water and the persistent assertion that the park is unhealthy have been largely and deliberately used to stir up sentiment and influence which would be exercised to insure their relief from service.

Yellow newspapers, the diabolical purpose of which is to distort truth. Democratic newspapers that never fail to exploit anything serviceable as a campaign lie, are responsible for the horrible misrepresentations concerning the treatment of soldiers, and what they say is not worth a pin's fee. In the confusion of opinion arising out of this criminal recklessness to contaminate the public mind, the safest course for the people to follow is to nourish patience and wait the results of thorough investigation and court-martials that will surely occur.

United American Mechanics. Cleveland, Sept. 13.—The 52d annual convention of the National Council of the Order of United American Mechanics began here to-day. About 150 delegates are present, representing 20 states, and National Council Ira D. Goff of Riverside, R. I., is presiding.

### Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: 'I was in a most dreadful condition my skin was almost yellow, eyes sunken tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at W. F. Peter's drug store.'

There are three saw mills within a mile of each other in this vicinity which are the means of giving several laboring men employment. There isn't a laboring man or boy who can't have employment at wages from \$1 to \$2 per day and the demand at these wages exceed the supply. Hands are being brought from Muncie since the supply has been exhausted in this vicinity. Ah there! free silver, stay where you are.

Pursuant to call, the 'Loyal Republicans' met in Brownstown Saturday, Sept. 10, to take some action, (they didn't know what themselves.) There were fifteen of the 'Loyal' present, mainly office seekers. This meeting of the 'Loyals' shows the growth of the idea of fusion. After lengthy debates warm discussions and the reading of ambiguous resolutions, they came to a final agreement, that the 'Loyal Republicans' were without an organization.

### Often Referred To.

Will be our war with Spain. And you will want a permanent record of the same, a souvenir for all time. There has been many histories of the war, treating principally of the struggle between Cuba and Spain and probably carrying you as far as Dewey's victory and so forth. But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain: a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the first opening pages of which permits of its illustrations and maps being 13 by 21 inches. You cannot afford to purchase a work, the maps and large illustrations of which have to be folded in the book. You must see this work for it is truly excellent. The agent will call on you soon. s7dlwk

### Hi Henry.
